C. W. YEHLE BUYS OUT M. J. ALDERMAN

NOW PRACTICALLY SOLE OWNER OF ALDERMAN-YEHLE D. G. CO.

CHANGE MADE OCTOBER 1

Mr. Yehle Has Been Connected with Company for Twenty-Two Years. Has Demonstrated Unusual Business Capacity.

M. J. Alderman, who has been secretary and treasurer of the Alderman Dry Goods Company and the Alderman-Yehle Dry Goods Company for the last thirteen years, except for the time that he spent in Omaha, has sold his interest in the business to C. W. Yehle, effective October 1. Until that time Mr. Alderman will continue in the business. Mr. Alderman has no plans for the future.

Mr. Yehle has been connected with the business of which is now practically the sole owner, since its establishment by C. J. Alderman twenty-two years ago. During that time the store has grown into one of the largest of its kind in this section of the state. For the last seven years the business has been managed by Mr. Yehle and he has demonstrated unusual business capacity.

"ARMY" WORM MAKES ITS APPEARANCE IN NODAWAY

C. E. Bradley, Farmer Near Elmo, Secures Advice of State University to Eliminate Pest.

The proper method of handling the "army worm" which has made its appearance in Nodaway county, and throughout the entire state of Missouri, is described in the following letter from O. E. Bradley, a farmer residing near Elmo. Mr. Bradley discovers the pest in his fields and immediately notified the Agricultural Department of the University of Missouri.

The letter follows:

Democrat-Forum:

I am writing you this article thinking it might be of benefit to the farmers of Nodaway county. I have about 50 acres of alfalfa on my farm which I have been cutting and putting up. This hay has been very heavy making about 3 tons per acre but I had noticed that it did not seem to be starting to grow again as it should so I got to examining it and found that it was full of worms about the size of a cut worm and were green, gray and black in color. I found that they were eating the tender shoots off as soon as they started. I immediately telegraphed to the Agricultural College at Columbia, Mo., and received the following reply:

Probably Army worms, advise poison bean wash, mix dry two pounds white arsenic with fifty pounds of bran, mix with solution containing the juice of twelve lemons, four quarts of cheap molasses and eight gallons of water, sow broadcast in morning.

I have heard these worms being in other fields near but they thought they were cut worms, but it is my opinion that they are the same, and would advise all farmers to be on their guard as they seem to accumulate very fast until there are millions of them and eem to eat everything that is green but prefer the tender plants.

Yours Respectfully,
O. E. BRADLEY.

College News

Dr. Rowlett gave a splendid address to the boys of the State Teachers College yesterday morning at 9:35 a. m. His subject was "Social Problems for Men," in which he discussed the new social problems which have been brot to light and emphasized during the war. He spoke at length upon the morals of France, contrasting French moral standards with those of the United States. On the whole it was brought out that the morals of this country are much better than those of France.

Dr. Virginia Abbie Holmes gave her second lecture to the girls of the college this morning at 10:30 a. m. She spoke on the social problems of the day. Her lectures which are being held under the auspices of the Y. W. C. A. will continue throughout the week.

The Excelsior Literary Society will hold a picnic tomorrow afternoon after the last recitation of the day.

Senior play practice under the direction of Dr. Harry Miller is keeping the members of the cass busy several evenings a week. Three one-act plays are to be presented during the Commencement season: "A Woman's Woman," a one-act American comedy; "The Ring," a one-act English play of the Elizabethian period; and "The Rose," a one-act English love drama. These plays are well adapted for dramatic expression and are of a high class. Four characters are in the cast of "A Woman's Woman;" ten characters play "The Ring," and three characters take part in "The Rose."

Rif-raf Work at Sides of Dam Causing a Natural Bank to Be Built Up.

The One Hundred and Two river is slowly falling today although the stream is about half full of water.

The dam is holding out well, and the rif-raffing work at the sides are stopping the erosion which threatened for a time to change the course of the stream. Mayor Garrett stated this morning that the mud and sediment of the river is building up a natural bank where the rif-raf work has been done.

PRODUCE PRICES TO DROP.

Experts Say Excess of Butter and Eggs Will Bring Slump.

Chicago, June 11.—Price reduction in butter and eggs was predicted by experts here today, who asserted huge excess storage stocks, lack of heavy xport and a big production season would combine to bring the decline.

Figures posted today at the Chicago butter and egg board show there were June 1 in fifty-five warehouses, composing the Associated Warehouse report, an excess of 9,950,000 pounds of butter stored, compared to last year's holdings, and an excess of 310,000 cases of eggs. June 1, 1918, there were 7,004,000 pounds of butter in these warehouses, while this year shows a storage of 16,963,000. For a corresponding period there were 3,288,000 acses of eggs in storage on June 1, 1919, against 2,978,000 cases in 1918.

"There is good prospect that prices will go down," said an official of the Bureau of Markets, Department of Agriculture.

At a session of juvenile court this afternoon before Judge Dawson, the six children of Mr. and Mrs. William Kiphart, ranging in ages from 18 months to 12 years, were adopted. Kiphart is now serving a term in the penitentiary, having been convicted of arson, and Mrs. Kiphart is unable to provide for the children.

Eugene Wilson Kiphart, 18 months-old boy, was adopted by the Rev. and Mrs. C. R. Green of Harmony. Ervin Loyd Kiphart, five years old, was adopted by Mr. and Mrs. Fred J. Killum. Harley Samuel Kiphart, three years old, was adopted by Mr. and Mrs. Lesley J. Griffey. Three girls ranging in age from seven to ten years, were adopted by Alfred Hunt, Ben Cox and Elmer Porter.

GENERAL WIRE STRIKE IS ON

FIRST WALK-OUT OF TELEGRAPHERS SINCE 1907.

ESTIMATE 40-70,000 OUT

Press Association and Broker Operators Not Affected by Srike—Service Still in Operation.

Chicago, June 11.—The first general strike of telegraph operators of the United States since 1907 began this morning. Responding to the call of the International President of the Commercial Telegraphers Union of America, the Western Union and Postal operators throughout the entire nation quit their keys. How extensive the strike will not be known until more accurate reports of number of men who walked out begin to come in from cities effected by the strike. Union officials estimate the number who will respond to the call as between forty and seventy thousand. Officials of the telegraph companies declared the number will be much smaller.

Sufficient operators will remain at work to permit operation of the systems with little interruption for the present. Press association and broker operators are not involved in the strike although Union officials intimated broker men may be called out later. The International News Service, the Universal Service and the United Press it is stated, are operating under contract with their operators and hence are not affected.

AMERICAN SCHOOLS SHORT OF TEACHERS.

Face Serious Problems—Higher Pay in Other Industries a Cause.

Washington, June 11.—American schools are facing a serious problem because of the lack of teachers, P. P. Claxton, commissioner of education, declared today in asking congress for $200,000 additional appropriations for conducting the services of his bureau for the year beginning July 1.

"Perhaps no other institution was more affected by the war than were the schools," he wrote, urging continuance of the bureau's work in aiding the placement of teachers. "Almost one-third of all the American teachers were drawn out of the schools for service in the army, navy and other branches of the government and in various commercial activities and war industries.

"As a result there were last October approximately 50,000 schools without teachers scattered throughout the entire country. There were also about 120,000 new and wholly untrained teachers, largely boys and girls barely ahead of the classes they were expected to teach. Numberless calls from all parts of the country came to the bureau of education for relief and up to the present time comparatively few of the teachers have returned to their regular work. The fever of activity and the higher pay in other fields of labor still complicate the problem."

WAR HERO A VISITOR HERE

SERGT. FRED G. RUSK OF HOPKINS BACK—21 MONTHS OVERSEAS

WOUNDED IN ARGONNE

Was With the Famous First Division Regulars—Winner of Croix de Guerre and Medal Militaire.

Two years ago last April 17, Fred G. Rusk, son of Mr. and Mrs. J. G. Rusk of Hopkins, responded to his country's call to arms, being the first man to enlist from Nodaway county. Today he is back again after twenty-one months' active service with the famous First Division of Regulars, having taken part in some of the most important engagements of the war, and the winner of the French Medal Militaire and the Croix de Guerre with the palm, awarded for especially distinguished gallantry on the fighting fronts

Sergeant Rusk, for that is the rank to which he has elevated himself since the time he left the Jefferson Barracks as a "buck," has probably seen as much of the actual fighting of the great world war as any man who wore the khaki, and across his face and chin a deep scar tells more than words of the German bullets which he faced during the months of struggle and hardship.

Rusk was sent immediately after his enlistment here to the Jefferson Barracks at St. Louis from which place he was transferred to Fort Douglas, Texas. Down near the Mexican border he received two months of training and was then sent to Hoboken where he sailed for France.

The battle of Cantigny, attached to a French army, was the first engagement in which Rusk took part. In this battle practically half the American attachment was wiped out by the German shell fire. Shortly after the battle the Germans started their drive toward Paris, and the "Yankee" First was rushed to the Marne where they stood shoulder to shoulder with the French under command of Marshall Joffre in the memorable repulse of the Huns, the real turning point of the war. Following this engagement, Rusk's division went into a rest camp for a short spell and then engaged in the activity of St .Mihiel drive

The last great battle in which Rusk took part and in which he received the wound which put him out of active service, was in the Argonne Forest. The company had just entered the trenches in what appeared to be a quiet sector, when a bullet from a Ger man sniper's gun found its mark in Rusk's chin. The jaw bone and practically all his teeth were shattered by the leaden missive, which if it had been an inch closer would have ended his life. He was rushed to the Red Cross headquarters and through a long series of changes about the various hospitals of France, was finally transferred to a hospital ship and to the United States.

The Croix de Guerre which Rusk will soon receive from the French government was awarded to him for an especial bit of bravery in the Argonne fight. The company was making a drive "over the top" and in the confusion the men became separated, all the commissioned officers being killed. Sergeant Rusk, the only "non-com" in the ranks took charge of the company and held the enemy at bay until reenforcements arrived.

Sergeant Rusk showed the utmost modesty in speaking of his experiences today, and made every effort to conceal his own work. "I did nothing to speak of," he said when questioned concerning his deeds on the other side, "it was merely a part of the day's work." But war medals speak for themselves and tell better than words of what their owner has done.

Sergeant Rusk is a nephew of Mr. and Mrs. D. N. Scott of this city, and is spending a few days visiting here.

He will return to the reconstruction hospital at Jefferson Barracks next Tuesday and will probably receive his discharge soon after his return.

Graham M. E .Church Notes.

Services next Sunday will be at the Swan Chapel at 11 a. m. and at Graham at 7 p. m. We will have our services early in order to avoid conflicting with the Presbyterians, who will have their children's day program at 8:30 p. m. Everybody welcome.

GOOD NEWS FOR THE FANS ST. JOSEPH TEAM COMING

Stockmen Say They are Anxious to Meet Maryville Team—Will Bring Delegation Along.

Here's good news for the Maryville baseball fans. Manager Black of the Federals, has received a letter from St. Joseph stating that the Stockyards team of that place has made arrangements to play here next Sunday afternoon, and have secured a number of automobiles to bring their "rooters club" along.

The letter says that the Stockmen are "rarin' to take the Federals on," and that they are determined to annex another pelt to their string next Sunday. The Feds are all confidence and if J Pluvius holds back his flood gates the Fair grounds will be the scene of a battle royal.

NINE MONTHS ALLOWED TO PAY BACK PREMIUMS

Washington, June 11.—Under a new ruling by Secretary of the Treasury Glass, nine months will be permitted to elapse before the Government insurance of a service man is cancelled because of non-payment of premiums. At the end of three months a policy is held to be lapsed for non-payment of premiums, but six months is allowed for reinstatement upon payment of the aggregate of premiums due and the submitting of a physician's certificate that the applicant for reinstatement is in sound physical condition.

MUST CANCEL TAX STAMPS.

St. Louis, June 11.—The Bureau of Internal Revenue has warned dealers that proprietary stamps, by means of which the tax of toilet and medicinal articles is collected must be cancelled when the article is sold. Numerous uncancelled stamps from taxable articles purchased at drug stores have been received by the bureau.

Regulations provide that the initial of name of the vendor, with the date when the stamp was affixed or cancelled, must appear on the cancelled stamp. The bureau has announced that the provision will be strictly enforced. Penalty for making use of a stamp to denote the tax imposed without cancelling the stamp is a fine of not more than $100.

GERMAN FINAL REPLY JUNE 19-20

DESPITE PROTEST, CLEAR THAT ANSWER WILL BE "YES."

COMPLETE REJOINER FRI.

"Big Four" Finishes Economic Conditions Today—To Permit Hun National Assembly to Consider Terms.

Berlin, June 11.—Germany probably will send her final reply to the Allies June 19 or 20. In spite of solemn protests now growing it is clear that her answer will be "yes."

Paris, June 11.—The complete rejoiner of the Allies to the German counter-proposals will be handed to Rantzau Friday. The "Big Four" this morning practically completed the economic conditions and made material progress toward completing the clause relating to the League of Nations and the left bank of the Rhine. It is planned to allow the German delegation to proceed to Weimar to present the amended treaty for consideration by the German national assembly. Germany will then be required to signify within a week whether she accepts or rejects the treaty.

Clemenceau and Lloyd George are generally accepting President Wilson's suggestion in dealing with the German counter-claims. The president has sharply rebuked the adamant attitude of both declaring "unless there is speedier action immediately it is useless to continue and Bolshevism will triumph over law and order". His declaration was followed by immediate concessions making possible an early agreement.

TO ENCOURAGE THRIFT.

Washington, June 11.—Millions of hand grenades, manufactured for use against the Germans, will go to encourage thrift among school children of the United States. They are to be transformed into penny and dime savings banks in which children will be encouraged to save for the purchase of Thrift and War Savings stamps.

CITY HAS OIL WELL.

Pasadena, Calif., June 11.—Oil found on fifty-four acres of land owned by the city of Pasadena may go a long way in helping taxpayers bear the burden of the cost of city government. One well has already been drilled and is turning out 300 barrels of oil a day. The land is in the Narrows of the Rio Hondo, below El Monte. The Pan-American Petroleum Company has a royalty lease on the land, the city receiving one-sixth of the flow. Other wells will be sunk.

REPUBLICANS PRAISE CONDUCT OF THE WAR.

Washington, D. C.—Republican members of the Military Affairs Committee of the House of Representatives have returned from the battle fields of France and Belgium with high praise for the work of the American armies, and commendation for the War Department's success in mobilizing, transporting and maintaining the Expeditionary Force.

Representative Daniel R. Anthony, Jr., of Kansas, who is ranking Republican on the Military Affairs Committee, declared in an interview with the correspondent of a New York newspaper that he and other Republicans of the committee studied the American strategy and operations from the beginning.

"The strategy aand plan of operations," he said, "worked out exactly as designed, and American arms contributed absolutely to end the war. We looked into the situation pretty thoroughly and found things are in pretty good shape. There is no question that they have the organization in fine working order."

"It is hard to criticize," Mr. Anthony declared, "when you consider that they were working for an army of 5,000,000 men this year—and that is what they intended to have and would have had if the fighting had continued.

"A great deal of money was wasted because of the sudden termination of the war. Some mistakes have been made, but in view of the way the war ended there was comparatively little waste. No money would have been wasted had the war continued according to expectations."

MARYVILLE SOLDIER SENDS A WORD FROM EUSTIS, VA.

Bryan Sells, Member of U. S. Regulars, Appears To Have Had His Fill of the Army Life.

A letter has been received by James Todd from Bryan Sells, son of Mrs. Nancy Sells, of this city, in which the Maryville boy describes the life at Eustis, Va., where he is awaiting his discharge from the army. Sells spent a considerable time overseas and saw much of the "big show." The letter:

May 27, 1919.

Dear Friend Jim:

It seems a century since I wrote to you, but I will try my luck. Say, man, it sure is hot, and the skeeters are as big as the Farmers State Bank.

Well, I guess all the boys are home by now. Its all my hard luck that I can't be there, too, but some day in a few years I will come back to make my home in the old town where I belong. It's not where I was born, but it's my home and Jim, old sport, I'm going to bring someone with me.

If those Germans would sign the peace treaty they would discharge the regulars. It's too bad we didn't finish the job when we were over there—but, Ha! the Big Four is going to do that, I guess. We had a Salvation Army drive here at the Liberty theatre, and there are 2,000 regulars here, all overseas men who ate the doughnuts of "no man's land." All the way from Rhiems to Verdun, it was a barrage of the greatest doughnuts that were ever made, and the boys gave $700. It was the middle of the month, and most of us were broke—me, for instance. I never go any place unless I am detailed to go to Fort Jay with a prisoner. Here is the nice treatment the States is giving her regular forces: First to France, first to fight, then they bring us back here and hold us; take us off the trucks we were driving for $30 a month and put civilians on them and give them $125 per month; and put some of us on the railroad.. And there in St. Louis I read where Speaker Clark's son, a lieutenant-colonel in the National guard, gives the Regulars the devil. He sure is a lucky guy that there were regulars in the spring of 1918. If the First and Second had not been there, Paris would be talking German now. And you will agree with me that every German should have his head cut off and slung in his face. Nothing would give me more pleasure than to turn that old 10-inch gun of ours on Berlin and watch her go up in flames, and hear 'em holler Kamerad!

Here's a poem that appealed to me:

ONLY A VOLUNTEER.

Why didn't I wait to be drafted
And led to the train by a band,
Or put in a claim for exemption,
Or why didn't I hold up my hand?

Why didn't I wait for the banquet,
Why didn't I wait to be cheered;
For the drafted man got all the credit
While I only volunteered.

And no one gave me a banquet,
No one said a kind word,
The puff of the engine, the grind of the wheels
Was all the good-by that I heard.

Then off to the training camp hustled
To be trained for the next half year,
And in the shuffle forgotten—
I was only a volunteer.

And perhaps some day in the future
When my little boy sits on my knee
And asks what I did in the great struggle,
And his little eyes look up at me,

I will have to look into those eyes
That so trustingly peer,
And say that I wasn't drafted,
I was only a volunteer.

CIGARETTE CONVENTIONAL SAY NEW YORK WOMEN

New York, June 10.—Miss New York and, most likely, Mrs. New York, have accepted the cigarette as absolutely and wholly conventional—within the rights of women, if you please, and the act is to take place right before the very gaze of the public.

And how do we know it? Just listen to the wording of an enterprising New York firm which, under the heading "Should a Woman Smoke," runs the following ad:

"We don't know or we cannot say. But we know that many of New York's charming women do indulge. And we know that we can supply the needs of those who do. Everything for the man or woman who has a warm spot in his, or her heart for a cool smoke."

And there you are, after having read the story, with a dainty bit of food for thought at the breakfast table. And what's more, several enterprising New Yorkers either have or are arranging cozy little rooms where milady, while out shopping or taking in the latest matinee or evening attraction, may adjourn and indulge in a few trusty inhales.

Oh, it's awful, but it's true.

Mr. and Mrs. S. T. Humber of Sarasota, Fla., arrived this morning to spend the summer. They are guests at the home of Mrs. Lillian I. Seleeman.

Forrest Rowley Weds.

The following article regarding Forrest Rowley, son of Fred A. Rowley, who formerly resided in this city, appeared in last Sunday's issue of the St. Louis Globe-Democrat:

"A pretty out-of-town wedding of the past week was solemnized yesterday at noon at New Haven, Mo., when Miss Velma Lucille Trail, daughter of Mr. and Mrs. Eldridge Bradley Trail, became the bride of Forrest Massie Rowley of 509 North Newstead avenue, St. Louis. Miss Edna Altheide of New Haven attended the bride and Frank A. Hoel of St. Louis served as best man. Rev. Barclay Meador of St. Louis performed the ceremony. The young couple left immediately for Colorado, where they will spend their honeymoon."

On their return from Colorado, the bridal couple will visit in Maryville with his grandmother, Mrs. S. J. Rowley, 314 East Thompson street, and his uncles, Burt M. Rowley of the Real Estate Bank, and Sylvester G. Massie The groom is a traveling salesman for the Brown Shoe Company of St. Louis and makes his headquarters at Little Rock, Ark.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. WORLD'S RECORD IS BROKEN BY TANLAC

Bottles Sold In Four Years Would Reach From New York to Denver, Colo.

Four years ago very few people had ever heard of Tanlac. Today it unquestionably has the largest sale of any medicine in the world and is as well known in Canada as in this country. In the brief period of only four years time this now famous remedy has leaped from obscurity to the very pinacle of success. Its fame in fact, has long since spread beyond the limits of the continent, and numerous inquiries regarding it are now being received from many foreign countries.

Very few people, however, fully realize what a really wonderful record Tanlac has made. Indeed, if it were not for the unquestionable facts and figures given out by the largest and best known drug firms of the country the story of its success would be hard to believe.

Up to January first, the total sales of Tanlac amounted to approximately twelve million bottles. The demand however is increasing, for during the first ten weeks of this year over one million bottles were sold and distributed in the United States and Canada, the exact figure being 1,306,186 in three months.

At this rate, therefore, the sales for the present year will amount to more than five million bottles. This will mean that 17,000 bottles of Tanlac will be sold during every day of the year, or 2100 bottles for every hour of the average working day.

These figures are too stupendous for the average mind to grasp, but one may visualize what twelve million bottles mean by imagining them laid out in a single file end to end. Thus laid they would make a track of Tanlac from New York through Chicago, and on to Denver, Colo., or they would form a double track of Tanlac from the Great Lakes to the Gulf of Mexico. Piled end on end they would tower 135 times as high as Pike's Peak, or rise 13,333 times higher than the Woolworth Building in New York, the tallest building in the world.

The demand for Tanlac has become so great that its sale instead of being measured by the gross as other preparations have been, is now reckoned by the carlod, and even by the train load. In proof of this it is a noteworthy fact that the leading druggist jobbers everywhere now buy Tanlac almost exclusively in car load lots. To supply the Pacific coast trade alone requires from forty to fifty car loads per year—Jobbers of the Middle West are selling from seventy to eighty cars per year.

The well known drug firm of Hessig-Ellis Drug Company of Memphis, Tennessess, has sold over forty car loads since the introduction of Tanlac in that state four years ago.

Within the past ninety days, ten car loads of Tanlac have gone to supply the demand of British Columbia, Saskatchewan, Alberta and Manitoba, Canada.

The Owl Drug Company of San Francisco, the largest retail druggists on the Pacific Coast, state that they have sold more than 180,000 bottles at retail, which surpasses the remarkable record of the Jacobs Pharmacy Company of Atlanta, who have sold approximately 80,000 bottles at retail.

Tanlac is composed of the most beneficial roots and herbs known to science. The formula complies with all national and state pure food and health laws of both the United States and Canada; and absolute merit and merit alone is responsible for its phenomenal and unprecedented success.

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burington Junction, Mo., and in Barnard, by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley; Ravenwood by C. A. Shunk. —Adv.

Firestone and Mohawk Tires and Our Price Is Lower

On May 29th we removed a set of Mohawk tires that had been on a Ford touring car, in the most severe service, through mud, over frozen, icy roads and hundreds of miles with chains. Up to five thousand (5000) miles these tires gave an absolutely uninterrupted service—in the next 3000 miles there were two punctures—a total of 8000 MILES WITH ONLY TWO PUNCTURES.

Remember this was not for one single tire, where you might just "happen" to get a good one—but four tires, all put on at the same time.

It is hardly necessary to state that this customer put on another complete set of Mohawks.

Our volume of business on Mohawk tires in the past year has made it possible for us to buy in larger quanities and at a lower price. We in turn are giving our customers the benefit of this lower price. You can buy a Mohawk tire of us today for only a trifle more than ordinary tires cost.

C. W. YEHLE BUYS OUT M. J. ALDERMAN

NOW PRACTICALLY SOLE OWNER OF ALDERMAN-YEHLE D. G. CO.

CHANGE MADE OCTOBER 1

Mr. Yehle Has Been Connected with Company for Twenty-Two Years. Has Demonstrated Unusual Business Capacity.

M. J. Alderman, who has been secretary and treasurer of the Alderman Dry Goods Company and the Alderman-Yehle Dry Goods Company for the last thirteen years, except for the time that he spent in Omaha, has sold his interest in the business to C. W. Yehle, effective October 1. Until that time Mr. Alderman will continue in the business. Mr. Alderman has no plans for the future.

Mr. Yehle has been connected with the business of which is now practically the sole owner, since its establishment by C. J. Alderman twenty-two years ago. During that time the store has grown into one of the largest of its kind in this section of the state. For the last seven years the business has been managed by Mr. Yehle and he has demonstrated unusual business capacity.

"ARMY" WORM MAKES ITS APPEARANCE IN NODAWAY

C. E. Bradley, Farmer Near Elmo, Secures Advice of State University to Eliminate Pest.

The proper method of handling the "army worm" which has made its appearance in Nodaway county, and throughout the entire state of Missouri, is described in the following letter from O. E. Bradley, a farmer residing near Elmo. Mr. Bradley discovers the pest in his fields and immediately notified the Agricultural Department of the University of Missouri.

The letter follows:

Democrat-Forum:

I am writing you this article thinking it might be of benefit to the farmers of Nodaway county. I have about 50 acres of alfalfa on my farm which I have been cutting and putting up. This hay has been very heavy making about 3 tons per acre but I had noticed that it did not seem to be starting to grow again as it should so I got to examining it and found that it was full of worms about the size of a cut worm and were green, gray and black in color. I found that they were eating the tender shoots off as soon as they started. I immediately telegraphed to the Agricultural College at Columbia, Mo., and received the following reply:

Probably Army worms, advise poison bean wash, mix dry two pounds white arsenic with fifty pounds of bran, mix with solution containing the juice of twelve lemons, four quarts of cheap molasses and eight gallons of water, sow broadcast in morning.

I have heard these worms being in other fields near but they thought they were cut worms, but it is my opinion that they are the same, and would advise all farmers to be on their guard as they seem to accumulate very fast until there are millions of them and eem to eat everything that is green but prefer the tender plants.

Yours Respectfully,
O. E. BRADLEY.

College News

Dr. Rowlett gave a splendid address to the boys of the State Teachers College yesterday morning at 9:35 a. m. His subject was "Social Problems for Men," in which he discussed the new social problems which have been brot to light and emphasized during the war. He spoke at length upon the morals of France, contrasting French moral standards with those of the United States. On the whole it was brought out that the morals of this country are much better than those of France.

Dr. Virginia Abbie Holmes gave her second lecture to the girls of the college this morning at 10:30 a. m. She spoke on the social problems of the day. Her lectures which are being held under the auspices of the Y. W. C. A. will continue throughout the week.

The Excelsior Literary Society will hold a picnic tomorrow afternoon after the last recitation of the day.

Senior play practice under the direction of Dr. Harry Miller is keeping the members of the cass busy several evenings a week. Three one-act plays are to be presented during the Commencement season: "A Woman's Woman," a one-act American comedy; "The Ring," a one-act English play of the Elizabethian period; and "The Rose," a one-act English love drama. These plays are well adapted for dramatic expression and are of a high class. Four characters are in the cast of "A Woman's Woman;" ten characters play "The Ring," and three characters take part in "The Rose."

VETERANS OF 88TH DIVISION ARRIVE

NODAWAY BOYS, MEMBERS OF CO. M, 351 INFANTRY HOME

WERE AT HAUTE ALSACE

None of the Boys Were Wounded—Were in Reserve to Drive on Metz at War's End.

Several members of the 88th Division whose homes are in this county, received their discharges and arrived home last night and this morning. All of the arrivals are men who have seen considerable service in France, being members of Company M of the 351th members of Company M of the 356th Infantry. They did most of their fighting on the Haute Alsace sector. When the armistice was signed they were being held in reserve for a drive on Metz. None of the Nodaway County boys of Company M were severely wounded ni any of ther engagements. The 88th veterans were members of the contingent of drafted men which left Maryville May 25, 1918 for Camp Dodge, Iowa.

Oby Hall, of the Eighty-eighth division, son of John Hall, of this city, arrived in Maryville last night after ten months active service in France.

Young Hall went to Camp Dodge last May 25, and after two months training there went overseas with his division.

The veterans of the 88th division to arrive home were: John O. Hall, son of John Hall of 1009 East First St., Walter Miller, son of Mr. and Mrs. George Miller of south Dewey St., Ira Eisenman, son of Mr. and Mrs. Jake Eisenman, living east of Maryville, Albert and Arthur Wray, sons of Mr. and Mrs. B. T. Wray, of Hopkins; Carl Rose, son of Mr. and Mrs. Louis T. Rosce of Graham; Oscar Horton, son of Mr. and Mrs. J. D. Horton of Ravenwood.

Chester Cooper, son of Mr. and Mrs. John Cooper of Parnell; Fay Carmichael of Parnell, son of Mr. and Mrs. Joseph Carmichael or Burlington Jct; Nathan Foster, Parnell; Douglas Griffith of near Braddyville, Iowa; and Ernest Riley, son of Mrs. J. W. Ritter of near Maryville.

Rif-raf Work at Sides of Dam Causing a Natural Bank to Be Built Up.

The One Hundred and Two river is slowly falling today although the stream is about half full of water.

The dam is holding out well, and the rif-raffing work at the sides are stopping the erosion which threatened for a time to change the course of the stream. Mayor Garrett stated this morning that the mud and sediment of the river is building up a natural bank where the rif-raf work has been done.

PRODUCE PRICES TO DROP.

Experts Say Excess of Butter and Eggs Will Bring Slump.

Chicago, June 11.—Price reduction in butter and eggs was predicted by experts here today, who asserted huge excess storage stocks, lack of heavy xport and a big production season would combine to bring the decline.

Figures posted today at the Chicago butter and egg board show there were June 1 in fifty-five warehouses, composing the Associated Warehouse report, an excess of 9,950,000 pounds of butter stored, compared to last year's holdings, and an excess of 310,000 cases of eggs. June 1, 1918, there were 7,004,000 pounds of butter in these warehouses, while this year shows a storage of 16,963,000. For a corresponding period there were 3,288,000 acses of eggs in storage on June 1, 1919, against 2,978,000 cases in 1918.

"There is good prospect that prices will go down," said an official of the Bureau of Markets, Department of Agriculture.

At a session of juvenile court this afternoon before Judge Dawson, the six children of Mr. and Mrs. William Kiphart, ranging in ages from 18 months to 12 years, were adopted. Kiphart is now serving a term in the penitentiary, having been convicted of arson, and Mrs. Kiphart is unable to provide for the children.

Eugene Wilson Kiphart, 18 months-old boy, was adopted by the Rev. and Mrs. C. R. Green of Harmony. Ervin Loyd Kiphart, five years old, was adopted by Mr. and Mrs. Fred J. Killum. Harley Samuel Kiphart, three years old, was adopted by Mr. and Mrs. Lesley J. Griffey. Three girls ranging in age from seven to ten years, were adopted by Alfred Hunt, Ben Cox and Elmer Porter.

GENERAL WIRE STRIKE IS ON

FIRST WALK-OUT OF TELEGRAPHERS SINCE 1907.

ESTIMATE 40-70,000 OUT

Press Association and Broker Operators Not Affected by Srlike—Service Still in Operation.

Chicago, June 11.—The first general strike of telegraph operators of the United States since 1907 began this morning. Responding to the call of the International President of the Commercial Telegraphers Union of America, the Western Union and Postal operators throughout the entire nation quit their keys. How extensive the strike will not be known until more accurate reports of number of men who walked out begin to come in from cities effected by the strike. Union officials estimate the number who will respond to the call as between forty and seventy thousand. Officials of the telegraph companies declared the number will be much smaller.

Sufficient operators will remain at work to permit operation of the systems with little interruption for the present. Press association and broker operators are not involved in the strike although Union officials intimated broker men may be called out later. The International News Service, the Universal Service and the United Press it is stated, are operating under contract with their operators and hence are not affected.

AMERICAN SCHOOLS SHORT OF TEACHERS.

Face Serious Problems—Higher Pay in Other Industries a Cause.

Washington, June 11.—American schools are facing a serious problem because of the lack of teachers, P. P. Claxton, commissioner of education, declared today in asking congress for $200,000 additional appropriations for conducting the services of his bureau for the year beginning July 1.

"Perhaps no other institution was more affected by the war than were the schools," he wrote, urging continuance of the bureau's work in aiding the placement of teachers. "Almost one-third of all the American teachers were drawn out of the schools for service in the army, navy and other branches of the government and in various commercial activities and war industries.

"As a result there were last October approximately 50,000 schools without teachers scattered throughout the entire country. There were also about 120,000 new and wholly untrained teachers, largely boys and girls barely ahead of the classes they were expected to teach. Numberless calls from all parts of the country came to the bureau of education for relief and up to the present time comparatively few of the teachers have returned to their regular work. The fever of activity and the higher pay in other fields of labor still complicate the problem."

WAR HERO A VISITOR HERE

SERGT. FRED G. RUSK OF HOPKINS BACK—21 MONTHS OVERSEAS

WOUNDED IN ARGONNE

Was With the Famous First Division Regulars—Winner of Croix de Guerre and Medal Militaire.

Two years ago last April 17, Fred G. Rusk, son of Mr. and Mrs. J. G. Rusk of Hopkins, responded to his country's call to arms, being the first man to enlist from Nodaway county. Today he is back again after twenty-one months' active service with the famous First Division of Regulars, having taken part in some of the most important engagements of the war, and the winner of the French Medal Militaire and the Croix de Guerre with the palm, awarded for especially distinguished gallantry on the fighting fronts

Sergeant Rusk, for that is the rank to which he has elevated himself since the time he left the Jefferson Barracks as a "buck," has probably seen as much of the actual fighting of the great world war as any man who wore the khaki, and across his face and chin a deep scar tells more than words of the German bullets which he faced during the months of struggle and hardship.

Rusk was sent immediately after his enlistment here to the Jefferson Barracks at St. Louis from which place he was transferred to Fort Douglas, Texas. Down near the Mexican border he received two months of training and was then sent to Hoboken where he sailed for France.

The battle of Cantigny, attached to a French army, was the first engagement in which Rusk took part. In this battle practically half the American attachment was wiped out by the German shell fire. Shortly after the battle the Germans started their drive toward Paris, and the "Yankee" First was rushed to the Marne where they stood shoulder to shoulder with the French under command of Marshall Joffre in the memorable repulse of the Huns, the real turning point of the war. Following this engagement, Rusk's division went into a rest camp for a short spell and then engaged in the activity of St .Mihiel drive

The last great battle in which Rusk took part and in which he received the wound which put him out of active service, was in the Argonne Forest. The company had just entered the trenches in what appeared to be a quiet sector, when a bullet from a German sniper's gun found its mark in Rusk's chin. The jaw bone and practically all his teeth were shattered by the leaden missive, which if it had been an inch closer would have ended his life. He was rushed to the Red Cross headquarters and through a long series of changes about the various hospitals of France, was finally transferred to a hospital ship and to the United States.

The Croix de Guerre which Rusk will soon receive from the French government was awarded to him for an especial bit of bravery in the Argonne fight. The company was making a drive "over the top" and in the confusion the men became separated, all the commissioned officers being killed. Sergeant Rusk, the only "non-com" in the ranks took charge of the company and held the enemy at bay until reenforcements arrived.

Sergeant Rusk showed the utmost modesty in speaking of his experiences today, and made every effort to conceal his own work. "I did nothing to speak of," he said when questioned concerning his deeds on the other side, "it was merely a part of the day's work." But war medals speak for themselves and tell better than words of what their owner has done.

Sergeant Rusk is a nephew of Mr. and Mrs. D. N. Scott of this city, and is spending a few days visiting here.

He will return to the reconstruction hospital at Jefferson Barracks next Tuesday and will probably receive his discharge soon after his return.

GOOD NEWS FOR THE FANS ST. JOSEPH TEAM COMING

Stockmen Say They are Anxious to Meet Maryville Team—Will Bring Delegation Along.

Here's good news for the Maryville baseball fans. Manager Black of the Federals, has received a letter from St. Joseph stating that the Stockyards team of that place has made arrangements to play here next Sunday afternoon, and have secured a number of automobiles to bring their "rooters club" along.

The letter says that the Stockmen are "rarin' to take the Federals on," and that they are determined to annex another pelt to their string next Sunday. The Feds are all confidence and if J Pluvius holds back his flood gates the Fair grounds will be the scene of a battle royal.

NINE MONTHS ALLOWED TO PAY BACK PREMIUMS

Washington, June 11.—Under a new ruling by Secretary of the Treasury Glass, nine months will be permitted to elapse before the Government insurance of a service man is cancelled because of non-payment of premiums. At the end of three months a policy is held to be lapsed for non-payment of premiums, but six months is allowed for reinstatement upon payment of the aggregate of premiums due and the submitting of a physician's certificate that the applicant for reinstatement is in sound physical condition.

MUST CANCEL TAX STAMPS.

St. Louis, June 11.—The Bureau of Internal Revenue has warned dealers that proprietary stamps, by means of which the tax of toilet and medicinal articles is collected must be cancelled when the article is sold. Numerous uncancelled stamps from taxable articles purchased at drug stores have been received by the bureau.

Regulations provide that the initial of name of the vendor, with the date when the stamp was affixed or cancelled, must appear on the cancelled stamp. The bureau has announced that the provision will be strictly enforced. Penalty for making use of a stamp to denote the tax imposed without cancelling the stamp is a fine of not more than $100.

GERMAN FINAL REPLY JUNE 19-20

DESPITE PROTEST, CLEAR THAT ANSWER WILL BE "YES."

COMPLETE REJOINER FRI.

"Big Four" Finishes Economic Conditions Today—To Permit Hun National Assembly to Consider Terms.

Berlin, June 11.—Germany probably will send her final reply to the Allies June 19 or 20. In spite of solemn protests now growing it is clear that her answer will be "yes."

Paris, June 11.—The complete rejoiner of the Allies to the German counter-proposals will be handed to Rantzau Friday. The "Big Four" this morning practically completed the economic conditions and made material progress toward completing the clause relating to the League of Nations and the left bank of the Rhine. It is planned to allow the German delegation to proceed to Weimar to present the amended treaty for consideration by the German national assembly. Germany will then be required to signify within a week whether she accepts or rejects the treaty.

Clemenceau and Lloyd George are generally accepting President Wilson's suggestion in dealing with the German counter-claims. The president has sharply rebuked the adamant attitude of both declaring "unless there is speedier action immediately it is useless to continue and Bolshevism will triumph over law and order". His declaration was followed by immediate concessions making possible an early agreement.

TO ENCOURAGE THRIFT.

Washington, June 11.—Millions of hand grenades, manufactured for use against the Germans, will go to encourage thrift among school children of the United States. They are to be transformed into penny and dime savings banks in which children will be encouraged to save for the purchase of Thrift and War Savings stamps.

CITY HAS OIL WELL.

Pasadena, Calif., June 11.—Oil found on fifty-four acres of land owned by the city of Pasadena may go a long way in helping taxpayers bear the burden of the cost of city government. One well has already been drilled and is turning out 300 barrels of oil a day. The land is in the Narrows of the Rio Hondo, below El Monte. The Pan-American Petroleum Company has a royalty lease on the land, the city receiving one-sixth of the flow. Other wells will be sunk.

REPUBLICANS PRAISE CONDUCT OF THE WAR.

Washington, D. C.—Republican members of the Military Affairs Committee of the House of Representatives have returned from the battle fields of France and Belgium with high praise for the work of the American armies, and commendation for the War Department's success in mobilizing, transporting and maintaining the Expeditionary Force.

Representative Daniel R. Anthony, Jr., of Kansas, who is ranking Republican on the Military Affairs Committee, declared in an interview with the correspondent of a New York newspaper that he and other Republicans of the committee studied the American strategy and operations from the beginning.

"The strategy aand plan of operations," he said, "worked out exactly as designed, and American arms contributed absolutely to end the war. We looked into the situation pretty thoroughly and found things are in pretty good shape. There is no question that they have the organization in fine working order."

"It is hard to criticize," Mr. Anthony declared, "when you consider that they were working for an army of 5,000,000 men this year—and that is what they intended to have and would have had if the fighting had continued.

"A great deal of money was wasted because of the sudden termination of the war. Some mistakes have been made, but in view of the way the war ended there was comparatively little waste. No money would have been wasted had the war continued according to expectations."

MARYVILLE SOLDIER SENDS A WORD FROM EUSTIS, VA.

Bryan Sells, Member of U. S. Regulars, Appears To Have Had His Fill of the Army Life.

A letter has been received by James Todd from Bryan Sells, son of Mrs. Nancy Sells, of this city, in which the Maryville boy describes the life at Eustis, Va., where he is awaiting his discharge from the army. Sells spent a considerable time overseas and saw much of the "big show." The letter:

May 27, 1919.

Dear Friend Jim:

It seems a century since I wrote to you, but I will try my luck. Say, man, it sure is hot, and the skeeters are as big as the Farmers State Bank.

Well, I guess all the boys are home by now. Its all my hard luck that I can't be there, too, but some day in a few years I will come back to make my home in the old town where I belong. It's not where I was born, but it's my home and Jim, old sport, I'm going to bring someone with me.

If those Germans would sign the peace treaty they would discharge the regulars. It's too bad we didn't finish the job when we were over there—but, Ha! the Big Four is going to do that, I guess. We had a Salvation Army drive here at the Liberty theatre, and there are 2,000 regulars here, all overseas men who ate the doughnuts of "no man's land." All the way from Rhiems to Verdun, it was a barrage of the greatest doughnuts that were ever made, and the boys gave $700. It was the middle of the month, and most of us were broke—me, for instance. I never go any place unless I am detailed to go to Fort Jay with a prisoner. Here is the nice treatment the States is giving her regular forces: First to France, first to fight, then they bring us back here and hold us; take us off the trucks we were driving for $30 a month and put civilians on them and give them $125 per month; and put some of us on the railroad.. And there in St. Louis I read where Speaker Clark's son, a lieutenant-colonel in the National guard, gives the Regulars the devil. He sure is a lucky guy that there were regulars in the spring of 1918. If the First and Second had not been there, Paris would be talking German now. And you will agree with me that every German should have his head cut off and slung in his face. Nothing would give me more pleasure than to turn that old 10-inch gun of ours on Berlin and watch her go up in flames, and hear 'em holler Kamerad!

Here's a poem that appealed to me:

ONLY A VOLUNTEER.

Why didn't I wait to be drafted
And led to the train by a band,
Or put in a claim for exemption,
Or why didn't I hold up my hand?

Why didn't I wait for the banquet,
Why didn't I wait to be cheered;
For the drafted man got all the credit
While I only volunteered.

And no one gave me a banquet,
No one said a kind word,
The puff of the engine, the grind of the wheels
Was all the good-by that I heard.

Then off to the training camp hustled
To be trained for the next half year,
And in the shuffle forgotten—
I was only a volunteer.

And perhaps some day in the future
When my little boy sits on my knee
And asks what I did in the great struggle,
And his little eyes look up at me,

I will have to look into those eyes
That so trustingly peer,
And say that I wasn't drafted,
I was only a volunteer.

CIGARETTE CONVENTIONAL SAY NEW YORK WOMEN

New York, June 10.—Miss New York and, most likely, Mrs. New York, have accepted the cigarette as absolutely and wholly conventional—within the rights of women, if you please, and the act is to take place right before the very gaze of the public.

And how do we know it? Just listen to the wording of an enterprising New York firm which, under the heading "Should a Woman Smoke," runs the following ad:

"We don't know or we cannot say. But we know that many of New York's charming women do indulge. And we know that we can supply the needs of those who do. Everything for the man or woman who has a warm spot in his or her heart for a cool smoke."

And there you are, after having read the story, with a dainty bit of food for thought at the breakfast table. And what's more, several enterprising New Yorkers either have or are arranging cozy little rooms where milady, while out shopping or taking in the latest matinee or evening attraction, may adjourn and indulge in a few trusty inhales.

Oh, it's awful, but it's true.

Mr. and Mrs. S. T. Humber of Sarasota, Fla., arrived this morning to spend the summer. They are guests at the home of Mrs. Lillian I. Seleeman.

Forrest Rowley Weds.

The following article regarding Forrest Rowley, son of Fred A. Rowley, who formerly resided in this city, appeared in last Sunday's issue of the St. Louis Globe-Democrat:

"A pretty out-of-town wedding of the past week was solemnized yesterday at noon at New Haven, Mo., when Miss Velma Lucille Trail, daughter of Mr. and Mrs. Eldridge Bradley Trail, became the bride of Forrest Massie Rowley of 509 North Newstead avenue, St. Louis. Miss Edna Altheide of New Haven attended the bride and Frank A. Hoel of St. Louis served as best man. Rev. Barclay Meador of St. Louis performed the ceremony. The young couple left immediately for Colorado, where they will spend their honeymoon."

On their return from Colorado, the bridal couple will visit in Maryville with his grandmother, Mrs. S. J. Rowley, 314 East Thompson street, and his uncles, Burt M. Rowley of the Real Estate Bank, and Sylvester G. Massie The groom is a traveling salesman for the Brown Shoe Company of St. Louis and makes his headquarters at Little Rock, Ark.

Party at McMurry Home.

Miss Alice McMurry and Chilton Robinson entertained a number of their friends last night at the home of Miss McMurry, in compliment to Miss Carrie Eads, who will soon leave for Oklahoma to spend the summer, and Jesse Boatman, who will go to Columbus, Ohio, soon to attend summer school. The evening was spent in progressive games, Miss Cleona Kirch receiving the favor for the girls, and the boy's prize was awarded to Richard Kirby. Refreshments were served at the conclusion o fthe games. Among those present were Misses Ruth Bookman, Audrey Craig, Alice Welling, Gladys Sewell, Beatrice Dowling, Cleona Kirch, Helen Hankins, Helen Curfman, Mona Marie Everest, Ruth Miller of St. Joseph, who is the guest of Miss McMurry, Lois Halley and Carrie Eads Martin Penisten, Chilton Robinson, Jesse Boatman, Richard Kirby, Harry Jones, Leslie Hagins, Wilbur Allen, Ermil Coler and Eldon Job.

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. WORLD'S RECORD IS BROKEN BY TANLAC

Bottles Sold In Four Years Would Reach From New York to Denver, Colo.

Four years ago very few people had ever heard of Tanlac. Today it unquestionably has the largest sale of any medicine in the world and is as well known in Canada as in this country. In the brief period of only four years time this now famous remedy has leaped from obscurity to the very pinacle of success. Its fame in fact, has long since spread beyond the limits of the continent, and numerous inquiries regarding it are now being received from many foreign countries.

Very few people, however, fully realize what a really wonderful record Tanlac has made. Indeed, if it were not for the unquestionable facts and figures given out by the largest and best known drug firms of the country the story of its success would be hard to believe.

Up to January first, the total sales of Tanlac amounted to approximately twelve million bottles. The demand however is increasing, for during the first ten weeks of this year over one million bottles were sold and distributed in the United States and Canada, the exact figure being 1,306,186 in three months.

At this rate, therefore, the sales for the present year will amount to more than five million bottles. This will mean that 17,000 bottles of Tanlac will be sold during every day of the year, or 2100 bottles for every hour of the average working day.

These figures are too stupendous for the average mind to grasp, but one may visualize what twelve million bottles mean by imagining them laid out in a single file end to end. Thus laid they would make a track of Tanlac from New York through Chicago, and on to Denver, Colo., or they would form a double track of Tanlac from the Great Lakes to the Gulf of Mexico. Piled end on end they would tower 135 times as high as Pike's Peak, or rise 13,333 times higher than the Woolworth Building in New York, the tallest building in the world.

The demand for Tanlac has become so great that its sale instead of being measured by the gross as other preparations have been, is now reckoned by the carlod, and even by the train load. In proof of this it is a noteworthy fact that the leading druggist jobbers everywhere now buy Tanlac almost exclusively in car load lots. To supply the Pacific coast trade alone requires from forty to fifty car loads per year—Jobbers of the Middle West are selling from seventy to eighty cars per year.

The well known drug firm of Hessig-Ellis Drug Company of Memphis, Tennessess, has sold over forty car loads since the introduction of Tanlac in that state four years ago.

Within the past ninety days, ten car loads of Tanlac have gone to supply the demand of British Columbia, Saskatchewan, Alberta and Manitoba, Canada.

The Owl Drug Company of San Francisco, the largest retail druggists on the Pacific Coast, state that they have sold more than 180,000 bottles at retail, which surpasses the remarkable record of the Jacobs Pharmacy Company of Atlanta, who have sold approximately 80,000 bottles at retail.

Tanlac is composed of the most beneficial roots and herbs known to science. The formula complies with all national and state pure food and health laws of both the United States and Canada; and absolute merit and merit alone is responsible for its phenomenal and unprecedented success.

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burington Junction, Mo., and in Barnard, by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley; Ravenwood by C. A. Shunk. —Adv.

"Mellow old age" in good Kentucky Burley Tobacco is reached after it has cured for two years.
We put millions of pounds in warehouses every year, to ripen for two years. It is a slow, expensive method. But it makes Velvet as good a pipe tobacco as money can buy.
It makes Velvet mellow and friendly—cool and long-burning. Get that charm of Velvet's mellow age in your pipe today.

Firestone and Mohawk Tires
and Our Price Is Lower

On May 29th we removed a set of Mohawk tires that had been on a Ford touring car, in the most severe service, through mud, over frozen, icy roads and hundreds of miles with chains. Up to five thousand (5000) miles these tires gave an absolutely uninterrupted service—in the next 3000 miles there were two punctures—a total of 8000 MILES WITH ONLY TWO PUNCTURES.

Remember this was not for one single tire, where you might just "happen" to get a good one—but four tires, all put on at the same time.

It is hardly necessary to state that this customer put on another complete set of Mohawks.

Our volume of business on Mohawk tires in the past year has made it possible for us to buy in larger quanities and at a lower price. We in turn are giving our customers the benefit of this lower price. You can buy a Mohawk tire of us today for only a trifle more than ordinary tires cost.
